Data that drives Businesses

Who we are

Lake B2B has been in business for over 13 years with the objective of providing accurate global B2B database to companies irrespective of their sizes and revenues. Since then, over 450 clients have used our leads to reach prospects, acquire customers, and run marketing campaigns.

Our Business objective is simple-maximize revenue potential for clients, and help them acquire new customers. What sets us apart from the rest is that we understand client needs and deliver just what they need.
Over the years, our forte remained improving customer delight by providing unique and tailor-made services to our clients. In 2012, we added new offices in four major cities. These global offices are helping us to keep a constant tab on every project, and cater to a wider audience than before.

With experience grows expertise. We've evolved over the years by constantly watching and analyzing trends, attending massive public/global business events and conferences, and holding a bird's eye view of the global market. The contributions made by our ever-transforming teams of market and data experts have enabled us to conquer this field of B2B modeling and lead management services among several others.

Today, we are in a position to manage multiple client projects, possessing facilities to provide you with 24/7 services through our global delivery centers.
